

Book Writing

TOOLS

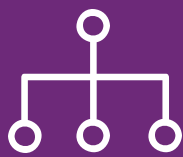

EVERNOTE

Evernote lets you save images and articles you find online to the Evernote app, for later use. You can create individual journals containing multiple notes, facts, and details that you will need to write your book.

COGGLE

Coggle is a useful (and visually beautiful) online brainstorming tool, that lets you visually arrange and organize your creative ideas.

TRELLO

It is an information organizing tool that allows you to create a 'board' on any topic of your choice. Each board is a blank space where you can create side-by-side lists that you can arrange as you desire.

POMODORO DIGITAL TIMER

It is important to be more focused and productive. Pomodoro/Tomatoes will help you take frequent small breaks into your writing and in turn make you more productive.

POWER THESAURUS

Power Thesaurus is an online tool that will help you quickly find a synonym that works for your write.
